RESPONSE TO CLAIM RESTRICTION REQUIREMENT

This is a response to the Office Action dated June 10, 2003 requiring restriction of inventions under 35 U.S.C. 121. The office action indicates that applicant should elect one of the nitrides from claims 1-13. In response applicant elect with traverse the nitride disclosed in claim 12. Silicon nitride

The restriction requirement is traversed because it is believed that all of the claimed inventions are sufficiently related to each other to be examined in one patent application:
